100% AMERICAN MFG.  
MADE IN NILES, MICHIGAN

HYDROELECTRIC

WE'RE NOT A PAPER COMPANY FROM FRANCE- FRENCH IS OUR FAMILY NAME. WE'RE A SMALL, INDEPENDENT, AMERICAN MANUFACTURER AND HAVE BEEN FOR SIX GENERATIONS. TOUR THE FRENCH PAPER MILL IN NILES, MI OR VISIT US ONLINE AND SHOP FOR PAPER AND MORE AT: [FRENCHPAPER.COM](http://FRENCHPAPER.COM)

FRENCH PAPER COMPANY - est. 1871  
[FRENCHPAPER.COM](http://FRENCHPAPER.COM)

FRENCH PAPER COMPANY'S HYDRO GENERATORS WERE INSTALLED IN 1922, LONG BEFORE IT WAS PC OR GOT GOOD PR. THEY HAVE CONSERVED OVER 1,000,000 BARRELS OF FOSSIL FUELS TO DATE.

BY USING HYDROPOWER FOR OVER 85 YEARS, FRENCH PAPER HAS AVOIDED THE RELEASE OF MORE THAN 700,000 TONS OF CARBON DIOXIDE EMISSIONS INTO THE ATMOSPHERE ALONE.

THE CO<sub>2</sub> SAVINGS IS ALSO EQUIVALENT TO THE USE OF OVER 4,878,049 LBS OF COAL, WHICH POLLUTES THE AIR WE BREATHE WITH NITROGEN OXIDES AND OFTEN DESTROYS THE LAND FROM WHICH IT IS MINED.

100% GREEN, RENEWABLE  
HYDROELECTRIC ENERGY

MANUFACTURING

FRENCH'S PAPERS AREN'T MORE EXPENSIVE THAN THE BIG GUYS'- THEY JUST LOOK THAT WAY. GENERATING OUR OWN HYDROPOWER AND PIONEERING RECYCLED PAPERMAKING ARE TWO OF THE WAYS WE'VE STAYED HIGHLY COMPETITIVE AND ENVIRONMENTAL SINCE 1871.

100 FRENCH STREET - NILES, MI 49120  
PH: (269) 683.1100

COMPETITOR WIND POWER CLAIMS ARE MERELY THE PURCHASE OF SECONDHAND WIND POWER CREDITS. FRENCH MAKES ENERGY ON-SITE, WITHOUT ADDING COSTS THAT GET PASSED ON TO CUSTOMERS.

FRENCH PRODUCES SURPLUS ENERGY FOR THE LOCAL UTILITY, SUPPLYING POWER TO THE COMMUNITY- (THE FRENCH GENERATORS HAVE PRODUCED ENOUGH WATTS TO KEEP A LIGHT ON FOR 500 BILLION HOURS.)

PIONEERS IN RECYCLED PAPERS, FRENCH OFFERS MANY ENVIRONMENTAL PAPER CHOICES: ORGANIC, RECYCLED, CONTAINING POST CONSUMER WASTE, ACID FREE, LIGNIN FREE, SOY INK COMPATIBLE, AND SOME ARE FSC CERTIFIED.
